Course outline

This workshop aims to bridge the gap between primary care and the emergency department. Nurses will further develop their knowledge and skills using practical tools they can implement in their workplace.

Course outcome

At the successful completion of Clinical Practice in Primary Healthcare, students will be able to:

- Prepare nurses for triaging, assessing, treating and managing patients that physically present to UCC.
- Upskill, the nursing team, to be confident and competent in managing acute presentations and conditions.
- Improve awareness and understanding of how different conditions present in illnesses, injuries and emergencies.
- Recognise limitations and when to escalate care to ensure patient safety is maintained.
- Practical training using theoretical small-group scenarios based on acute presentations and conditions.

Course structure

Course delivery and assessment for Clinical Assessment in Primary healthcare includes a full day face-to-face workshop.

During this one-day workshop, students will practice skills including assessing emergencies, urgent care situations and working through clinical scenarios for different conditions e.g. cardiovascular.

During the workshop students will participate in practical group-work scenarios under observation.

There is no pre-reading and all course materials are supplied.

Course content

Content for the Clinical Assessment: Managing Medical Emergencies in Primary Healthcare program includes:

- Emergencies (risk assessment, assessing and escalating emergencies, pre-hospitalisation care)
- Circumstances for particular groups (children, older person, pregnancy, mental health)
- Urgent Care situations (non-emergency presentations, illness, and injuries)
- A practical afternoon - working through clinical scenarios for different conditions, e.g. cardiovascular, respiratory, neurology presentations, injury, sick child, etc. The scenarios will be selected depending on the needs of the group attending.

Group Bookings

Clinical Assessment in Primary Healthcare is available for group bookings only. Talk to your local PHN, business manager or practice to get a group together to make a booking.

Package options are available to organisations, contact us for more information.

About accessIQ
