Program Outcome

Upon successful completion of the program, you will have the skills and knowledge to:

- Demonstrate a comprehensive knowledge and understanding of the anatomy and physiology of the auditory system
- Perform a comprehensive ear health examination
- Identify contraindications to proceed with hearing assessment
- Perform otoscopy
- Perform tympanometry
- Understand the results post otoscopy assessment and tympanometry screening
- Recognise ear abnormalities
- Recognise the need to refer to a specialist
- Give the patient a comprehensive explanation of the examination findings
- Document the examination findings and outcome in the patient's history
- Perform a paediatric ear health assessment
- Accurately identify a range of conditions of the auditory system
- Apply a broad knowledge of strategies to manage a range of middle ear conditions
- Provide client-centred education to support health promotion
- Outline any follow-up required and make appropriate specialist referrals as needed.

Program Content

The three-day face-to-face workshop incorporates all components required to complete a safe and effective ear health assessment. You will feel confident performing otoscopy, tympanometry, and demonstrate the theoretical components of audiometric screening as well as identify common ear health conditions.

Program Entry Requirements

This program is designed for individuals for whom Otoscopy and Tympanometry is part of their scope of practice. Relevant roles may include:

- Registered Nurses
- Aboriginal and/or Torres Strait Islander Health Practitioners
- General Practitioners
- General Practice Registrars
- Audiologists
- Others on application.

About The Benchmark Group

The Benchmark Group (RTO 21824) is a Registered Training Organisation delivering a range of clinical skills courses and programs to meet the needs of a broad range of health professionals across Australia.

As an RTO working in the health sector, our focus is on the delivery of courses and programs designed to provide healthcare professionals with the opportunity to expand their skills and careers. We concentrate on skills and knowledge that can be immediately implemented in a vocational context.

Skills learnt today can be used tomorrow.
