HOW TO APPLY	To apply, click the 'apply now' button on the immunisation practice support pathway which will take you to the learning pathway purchase page in accessIQ.
TERMS AND CONDITIONS AND STUDENT HANDBOOK	View terms and conditions View Student Handbook

Pathway outline

The Immunisation Practice Support Pathway aims to provide students with the specific knowledge and skills to provide support in the delivery of a range of immunisation services. Skills gained will support them within their role to support doctors and nurses to enhance client care and to remain up to date with current vaccination programs, changes, and requirements.

The pathway involves a combination of online and face-to-face learning.

Successfully completing the Immunisation Practice Support Pathway means you will have achieved the Course in Immunisation Support in Primary Healthcare (10764NAT).

Pathway content

Components of the pathway include:

Foundations of Immunisation Support - Online learning

Course in Immunisation Support in Primary Healthcare (10764NAT) - Online learning, workshop and workplace activities

The Course in Immunisation Support in Primary Healthcare covers the following specialist topics:

- Immunisation Support for Adults and Older Persons
- Immunisation Support for Influenza
- Immunisation Support in Pregnancy
- Support School Aged Immunisation
- Supporting Immunisation Practice.

Pathway outcome

On the successful completion of the Immunisation Practice Support Pathway, students should have the ability to:

- Understand the requirements of the National Immunisation Program
- Support implementation of the National Immunisation Program (NIP) Schedule
- Implement systems and process to support the safe delivery of immunisation services within primary healthcare.

Pathway structure

Course delivery and assessment includes online learning completed via accessIQ, a half day face to face workshop, in-class activities assessed by a qualified assessor and mandatory third party observed workplace activities.

To achieve competency students must demonstrate successful completion of:

- Practical skills simulations and oral questioning
- Written assessment covering essential knowledge and skills
- Workplace observed practice.

Workplace observed practice is a mandatory requirement for this course, workplace practice must be observed by a medical practitioner, practice manager or practice nurse that performs the identified workplace tasks as part of their role.

All workplace observed activities must be completed in accordance with work health and safety standards and infection control policies and procedures.

All workplace observed activities must be completed in accordance with workplace policies and procedures of the facility where the activity is being conducted.

Pathway entry requirements

Entrants to the Practice Support Pathway must provide evidence of a relevant professional role. Relevant roles would include:

- Medical receptionist
- Practice assistant
- Non-clinical Aboriginal and/or Torres Strait Islander Health Workers
- Practice manager.

Entrants should have:

- A minimum of three months employment or experience working with clients in primary health care
- Language, literacy and numeracy levels sufficient to interpret basic medical parameters, respond to requests from health professionals and communicate effectively with clients and public.

About The Benchmark Group

The Benchmark Group (RTO 21824) is a Registered Training Organisation delivering a range of clinical skills courses and programs to meet the needs of a broad range of health professionals across Australia.

As an RTO working in the health sector, our focus is on the delivery of courses and programs designed to provide healthcare professionals with the opportunity to expand their skills and careers. We concentrate on skills and knowledge that can be immediately implemented in a vocational context.

Skills learnt today can be used tomorrow.
