Course outline

As part of this one-day course, you will have the opportunity to explore a range of methods and learn the unique benefits and limitations of each wound closure and suturing technique that must be considered in each individual case.

Students are equipped with a Limbs and Things Suture Tutor Plus Hands-on Kit at each face-to-face workshop. The kit contains skin pads, knot tying kit, and a range of equipment used to explore different wound closure techniques. This kit is for students to take home to help reinforce knowledge and support transition into practice.

Course outcome

At the successful completion of the Course in Wound Closure, students will have the knowledge and skills to determine the best wound closure technique to achieve durability and simplicity.

Students will learn the ability to close wounds using a variety of methods and materials including sutures, skin staples, tissue adhesive and adhesive strips.

Course content

The one-day workshop topics and activities will include:

- Wound assessment
- Identifying and managing different types of wounds
- Using local anesthetic
- Closure methods and selection of appropriate materials
- Simulated wound closure
- Simulated assessment tasks
- Documentation and follow up and referral.

Types of suturing will include: single interrupted, vertical mattress, skin flap closure, subcuticular deep, and superficial closure including closing biopsy and excision sites.

Course structure

Course delivery and assessment for the Course in Wound Closure includes online assessment completed via accessIQ, one-day face-to face workshop and a in-class activities assessed by assessor.

To achieve competency in this course, students must demonstrate competency through realistic skills simulations and competently complete a theory assessment covering essential knowledge and skills.

There is no pre-reading and all course materials are supplied. Students must complete the online learning and assessment prior to attendance at the face to face workshop.

Due to the impact of COVID-19, all face-to-face workshops will be scheduled as soon as practicable, in line with advice provided by State and Federal bodies.
