Course outline

Within primary healthcare, we can support people living with a chronic diseases by completing regular assessments and developing person-centred care plans. Supported by ongoing follow-ups and coordinating care, a person will be best placed to manage their chronic condition by creating personal goals and action plans.

The Medicare Benefits Schedule (MBS) is a vital component of this care. It supports the patient by providing a list of professional health services that the Australian Government subsidises.

Course outcome

In completing this course you will get to know and understand:

- What the Medicare Benefit Scheme (MBS) is
- The history of the Medicare Benefits Schedule
- How to use MBS online.

You will also learn how to:

- Relate Chronic Disease Management to the MBS
- Identify the Chronic Disease Item numbers that can be used in Primary Care
- Demonstrate an understanding of the MBS rules regarding compliance
- Explore the effect of COVID-19 and MBS.
