

# Perform Venous Blood Collection

COURSE INFORMATION

## Course snapshot

<b>COURSE TITLE</b>	<u>Perform Venous Blood Collection</u>
<b>COURSE SUMMARY</b>	The Perform Blood Collection Course is evidence based and the techniques taught are designed to promote the best practice outcomes for patient care and the safety of the clinician.
<b>VALUE FOR ORGANISATIONS</b>	Develop the technique to safely collect blood from patients and learn the importance of correctly collecting patient data relevant for clinical documentation. Understand blood collection and how to choose the appropriate equipment with practical demonstration, and discussions around managing possible complications.
<b>UNITS OF COMPETENCY</b>	HLTPAT002 Perform venous blood collections
<b>COST</b>	\$400 (Inc. GST) per student
<b>PRE-READING</b>	There is no pre-reading for this course.
<b>DELIVERY &amp; ASSESSMENT</b>	Half-day face-to-face workshop (approx. 5 hours), in-class activities assessed by a qualified assessor, a mandatory observed workplace activity, and online assessment completed via accessIQ.
<b>ESTIMATED HOURS OF STUDY</b>	35 hours of active learning.
<b>CPD HOURS</b>	As a general guide, one (1) hour of active learning equates to one (1) hour of CPD. It is the responsibility of the individual student to calculate how many hours of active learning have been completed. The hours of active learning estimated above should act as a guide to CPD hours.
<b>ENTRY REQUIREMENTS</b>	This course is open to any individual for whom blood collection is part of the job role, including individuals working in collection centres, hospitals or other healthcare environments.
<b>TERMS AND CONDITIONS</b>	<u><a href="https://www.benchmarkgroup.com.au/terms-and-conditions">Visit benchmarkgroup.com.au/terms-and-conditions</a></u> <u>View Student Handbook</u>

## Course outline

The Perform Blood Collection Course is evidence based and the techniques taught are designed to promote the best practice outcomes for patient care and the safety of the clinician.

## Course outcome

On completion of this course the student will be able to:

- Identify and obtain clinical and personal relevant data for blood collection
- Choose the appropriate equipment for blood collection
- Perform the blood collection procedure
- Discuss the considerations that influence the correct selection of blood collection equipment including size and type of needle and collection site
- Perform post blood collection procedures including patient care, documentation and follow up
- Trouble shoot problems
- Discuss and manage possible complications

## Course content

The Perform Blood Collection Course will enable participants to enhance their ability to successfully perform venous blood collections using the evacuated system, winged infusion sets (butterfly needles), and the needle and syringe collection methods.

## Course structure

To achieve competency in this course, students must successfully:

- Perform 20 blood collections in a workplace environment of which 10 must be via the evacuated system during a period of at least 35 hours under the supervision of a person currently working in a phlebotomist role for at least 18 hours per fortnight

Workplace-observed practice is mandatory.

All workplace activities must be completed in accordance with work health and safety standards and all other relevant workplace policies and procedures.

The minimum cost for group delivery is \$4,500.

Please note, closed footwear is required for the workshop.

## About accessIQ

We are paving the way for innovative and easy online learning through our bespoke online course and assessment platform, accessIQ.

- Study anywhere, anytime
- Edit saved answers, review before submitting
- Live student console – tracks assessment, enrollments and waitlists
- Access statement of results and resource library.

# About Benchmark Group

Benchmark Group is a Registered Training Organisation (RTO 21824) delivering a range of clinical skills courses to meet the needs of a broad range of health professionals across Australia.

As an RTO working in the health sector, our focus is on the delivery of courses and courses designed to provide healthcare professionals with the opportunity to expand their skills and careers. We concentrate on skills and knowledge that can be immediately implemented in a vocational context.

Skills learnt today can be used tomorrow.
