

Perform Blood Collection Observers Declaration

Submission of your completed observers declaration is the final assessment requirement prior to being issued your Nationally Accredited Statement of Attainment.

As a student, you are required to complete a minimum of five (5) blood collection procedures under the direct observation of a peer. The peer observer must be at equal qualification or above.

As an observer, you are required to briefly review the course material for the individual you are observing prior to endorsing their competency.

The completed form must be returned to The Benchmark Group via:

Fax – 1300 855 572

Post – 46 Dover Street, Richmond, Victoria 3121

Email – courses@benchmarkgroup.com.au

Once the declaration is complete – please COPY this page for return to our office. It is important to keep this signed document as part of your course notes.

This is to confirm that I have reviewed the course objectives and materials for the Perform Blood Collection Program, Competency Code: HLTPAT306D

I have directly observed the below candidate performing the required practice as determined by the course criteria. I am satisfied that the requirements of the observed practice have been met.

Student name:

Observer name:

Observer's designation:

Place of observed practice:

Observer signature:

Date:
