

To Whom It May Concern

The bearer of this letter has successfully completed the theory and assessment component of the Nationally Accredited IV Cannulation for Sample Collection Program (Course Code HLTPAT409D).

The IV Cannulation Program has been designed to provide participants with the required knowledge and skills to safely perform this skill in a variety of clinical settings.

To achieve competency in IV Cannulation, participants must:

1. Have completed the face to face lecture.
2. Achieved a competent result in their Written Assessment
3. Achieved a competent result in their Practical Skills Assessment
4. Complete 5 Peer Observed Cannulations.

Observed practice in a clinical environment is mandatory requirement to achieve competency. A peer must be at equal qualification level or above.

As an Observer, you are required to briefly review the course material for the individual you are supervising prior to endorsing their competency.

This letter is only valid if accompanied by the individuals course material. The workbook accompanying this letter must be signed as competent by a Benchmark Group Assessor.

I would like to thank you in advance for assisting the participant to achieve their observed practice. Accredited vocational education supported by current clinical observation provides the best possible learning outcomes.

Should you have any questions please contact me on 1300 855 568.

Kind regards,
The Benchmark Group Pty Limited

Bruce Greaves
General Manager
